

SAMUEL NAWAZ

Stevensville MD, 21666 | nawazsamuel98@gmail.com | 443-258-1251

IT professional with an Associate's Degree in Information Technology, bringing real-world experience and applicable knowledge in systems administration, network management, and security protocols. Eager to transition into network security to apply my technical skills in safeguarding digital assets and ensuring infrastructure integrity.

EDUCATION

Associate of Science - Information Technology July 5, 2024

Full Sail University

- Final research paper on Industry 4.0, exploring the technological advancements shaping the future of manufacturing and industry
- Developed a network system for the Marconi Law Firm, including a high-level LAN design, product research, and pricing, along with the setup and configuration of static IP addresses, group permissions, and documentation of the process
- Analyzed the shift in ransomware targeting Apple platforms, focusing on emerging malware threats in the App Store as reported by Group-IB

Bachelor of Science - Cybersecurity Est. July 2025

Full Sail University

PROFESSIONAL EXPERIENCE

CDP Document Processor, RSM US LLP October 2022 - Present

- Assisted audit teams by securely processing and managing sensitive documents, following strict data protection and compliance protocols.
- Ensured the accuracy, quality, and confidentiality of all documents in line with established company procedures.
- Collaborated with IT teams to resolve document management issues, ensuring smooth and secure processing workflows.

Wireless Sales Representative & Mentor, CellularSales September 2020 - September 2022

- Provided technical support and customer service, troubleshooting mobile devices and networks.
- Stayed up to date with the latest tech trends, educating customers and employees on new devices.
- Trained new employees in sales techniques and technical troubleshooting.
- Consistently met sales targets while delivering excellent customer service.

KEY ACHIEVEMENTS

- **Educational Achievements:** Graduated as Salutatorian for the Class of 2024 with a 3.99 GPA and received two Directors' Awards for outstanding performance in Information Technology.
- **Personal Achievements:** Established a personal homelab environment, building multiple PCs and virtual machines while configuring FTP servers and clients to test IT infrastructure. Additionally, I leveraged Python to automate daily tasks, streamlining processes and improving productivity.

AREA OF EXPERTISE

Network Security	Cloud Administration	Windows & Windows Server
Technical Support	Python Automation	Active Directory

ADDITIONAL INFORMATION

- **Languages:** English, Arabic.
- **Awards/Activities:** Salutatorian (2024), Participated in CoPilot Testing & Training in RSM US LLP (2024).
